

Save Someone from Heroin, Fentanyl, or Prescription Opioid Overdose

# OPERATION Save A Life

## Free Opioid Overdose Rescue Training

An overdose death may happen in minutes or hours after opioid use. Opioids can slow or stop a person's breathing, which causes death. Naloxone can help reverse an opioid overdose and save a life.

### Training Participants will Learn:

- What are opioids? The effects of heroin and pain medication
- How to recognize and respond to an overdose
- How to administer Intra-nasal Naloxone
- Maryland's Good Samaritan Law
- Community Resources

**Wednesday, September 12th, 2018**

**6:00 to 8:00 p.m.**

**Carroll County Health Department**  
290 S. Center St, Westminster, MD

**REGISTRATION IS REQUIRED**
